Draft Federally Enforceable/Conditional Major Operating

Permit F-12-003

SRC of Lexington Inc. has applied to the Kentucky Division for Air Quality for a permit to operate a used transportation product remanufacturing facility at 1105 Eastland Drive, Lexington, Kentucky 40505. The plant is classified as a Conditional Major source due to potential emissions of regulated air pollutants and hazardous air pollutants greater than a major source threshold. This permit contains practically enforceable limitations to restrict this source's potential emissions to less than a major source threshold.

An electronic copy of the Division's draft permit should shortly become available at <http://air.ky.gov/Pages/PublicNoticesandHearings.aspx>. Paper copies of the draft permit and relevant supporting information are available for inspection by the public during normal business hours at the following locations:

Division for Air Quality, 200 Fair Oaks Lane, 1st Floor, Frankfort, KY 40601, phone (502) 564-3999; and the Lexington Public Library Central Library, 140 East Main Street, Lexington, KY 40507-1376, (859) 231-5504.

For a period of 30 days the Division will accept comments on the draft permit and afford the opportunity for a public hearing. The first day of the 30 day period is the day after the publication of this notice. Comments and/or public hearing requests should be sent to Mr. James Morse at the above Frankfort address or e-mail [James.Morse@ky.gov](mailto:James.Morse@ky.gov). Any person who requests a public hearing must state the issues to be raised at the hearing. If the Division finds that a hearing will contribute to the decision-making process by clarifying significant issues affecting the draft permit, a hearing will be announced. All relevant comments will be considered in issuing the final permit. Further information can be obtained by calling Mr. Sajjad Quabili at (502) 564-3999.
